

EVM Paste/Bolus

Science & Nature in Balance

EVM PASTE/BOLUS — ELECTROLYTES ~ VITAMINS ~ MICROBIALS

ELECTROLYTES: Help fight dehydration and replace fluid loss.

VITAMINS: Build immunity and stimulate appetite.

MICROBIALS: Regain and maintain healthy bacterial balance and aids digestion.

EVM PASTE/BOLUS contains a superior blend of bovine-specific bacteria, along with a broad spectrum of essential vitamins, electrolytes, and trace minerals to help cows and calves overcome periods of stress.

Electrolytes, vitamins and microbials help replenish body fluids, enhance appetite, aid digestion of feed, and maintain bacterial balance.

EVM PASTE/BOLUS microbials are not inhibited in the presence of most antibiotics.
